

Company-Sponsored International MSc Program

Would like a career in the Dairy sector working for an international company?
Are open to learning a new language and facing interesting challenges?

If so, this offer is for you!

We are offering a Company-Sponsored Master's degree in apprenticeship with a major
French International Dairy Production Company

Successful candidates will

- spend two years in France - with an additional 4 months of intensive French prior to the program depending on their current level of French
- receive high level training in technical and managerial competencies and learn a new language (French)
- have all expenses costs (travel, tuition, insurance) covered
- study half time at ESA and work half time in the company with a tutor.
- successful graduates earn a Master of Science in Engineering from Ecole Supérieure d'Agricultures Angers Loire (ESA)
- work for a minimum of two and a half years for the sponsoring company in Brazil after the program in France.

The program is managed by ESA, a major institution of higher education in the field of Life Sciences in France.

Successful completion of the program earns an entry-level management position in the sponsoring company's industrial site in Brazil after the end of the program.

Requirements:

Candidates must have:

- a minimum of **four years** of Higher Education (completed and graduated) in **Agronomy, Animal science, Veterinary science**
- a strong motivation for a career in industry - and especially in Food production
- a desire to learn new cultures and a new language (French)
- a real capacity to overcome challenges and to develop new competencies
- an experience abroad would be appreciated
- **PLEASE NOTE: NO FRENCH REQUIRED TO APPLY**

You must be under 26 on September 1st 2019 to apply.

Application process:

Applications online to ESA at <https://olage.groupe-esa.com>

Click: I²FA program: Engineer-Master's Degree - Sandwich Course: Company Sponsored
Deadline: March 10th, 2019. Only fully completed application files will be examined.

The selection process is in two steps. ESA will examine your application and will contact you for a first interview in English by one of their team. If ESA decides you are a solid candidate we will pass your file on to the company.

ESA will arrange company interviews in Brazil in March 2019. The company makes the final choice. The program begins in early April 2019 for those who need French lessons and late August 2019 for French speakers.
